

DDAY MOSCOW

Friday, 16th of November, 2012

INSTABILITY I

8:30 – 8:40	Anatomy & Biomechanics of shoulder stability	Ladislav Kovacic
8:40 – 8:50	What kind of GH instability? (examination, investigation)	Nikos Tzanakakis
8:50 – 9:00	Current concepts of GH instability treatment	Markus Scheibel
9:00 – 9:10	Arthroscopic Bankart & Remplissage repair	Angel Calvo
9:10 – 9:40	Coffee break	

INSTABILITY II

9:40 – 9:50	Bone block procedures	Ettore Taverna
9:50 – 10:00	MDI & posterior instability	Boris Poberaj
10:00 – 10:10	Instability - complications, tips & tricks	Pascal Gleyze
10:10 – 10:40	Case report presentation & discussion	
10:40 – 11:10	Coffee break	

ROTATOR CUFF I

11:10 – 11:20	Anatomy & Biomechanics of RC (force couples...)	Nikos Tzanakakis
11:20 – 11:40	Clinical examination (arthroscopic video!)	Pascal Gleyze
11:40 – 11:50	How to investigate and interpret RC ruptures	Roman Brzoska
11:50 – 12:00	When to operate?	Pascal Gleyze
12:00 – 12:10	Patient positioning & arthroscopic portals	Angel Calvo
12:10 – 12:40	Coffee break	

ROTATOR CUFF II

12:40 – 12:50	Partial RC tears and LHB pathology	Boris Poberaj
12:50 – 13:00	Superior full thickness RC tears - @ assessment	Ladislav Kovacic
13:00 – 13:10	Single row repair - my approach	Andrey Korolev
13:10 – 13:20	Single row repair – my approach	Nikos Tzanakakis
13:20 – 13:30	Double row repair – my approach	Markus Scheibel
13:30 – 13:40	Double row repair – my approach	Angel Calvo
13:40 – 14:40	Lunch/refreshments	

ROTATOR CUFF III

14:40 – 14:50	Current concept: single vs. double	Pascal Gleyze
14:50 – 15:00	Subscapularis tear classification	Ettore Taverna
15:00 – 15:10	Subscapularis reconstruction – my approach	Roman Brzoska
15:10 – 15:20	Subscapularis reconstruction – my approach	Boris Poberaj
15:20 – 15:30	RC repair - complications, tips & tricks	Ettore Taverna
15:30 – 16:00	Case report presentation & discussion	

MISCELLANEOUS

16:00 – 16:10	AC syndesmosis: acute	Ladislav Kovacic
16:10 – 16:20	AC syndesmosis: chronic	Markus Scheibel
16:20 – 16:30	Frozen shoulder	Boris Poberaj
16:30 – 16:40	Suprascapular nerve entrapment	Angel Calvo
16:40 – 17:10	Case report presentation & discussion	

END OF PROGRAMME
